

NORTE

CABINET GEAR

DESCRIPTION

The perfect solution for stacking products. The Norte is designed to sit on top of any piece of equipment and efficiently draw 20 cfm of air across it. The design minimizes noise while maximizing cooling airflow. The Norte can support up to 500 lbs and can be set in the gap between two pieces of equipment. Once power is connected, the pre-installed thermal switch makes the Norte turn on at 85°.

FEATURES

- Vibration isolated fans
- Self-supporting up to 500lbs
- Solid top enclosure prevents heat rise
- Airflow is directed horizontally across the gear
- An 85° thermal switch is included

SPECIFICATIONS

- Airflow: 20 cfm
- Noise: 14 dB
- Power Supply: 12v DC
- Dimensions: 1.79" h x 17" w x 15" d
- Power Consumption: 1.9 W
