

ZEPHYR III

RACK MOUNT GEAR

DESCRIPTION

The Zephyr III has the highest airflow of all rack mounted fans. Ideal for extracting heat from loaded rack layouts. Vibration isolators on super quiet offset fan cores generate 15 dB while pulling 200 cfm of airflow. This 3U fan has the lowest noise rating in its class.

FEATURES

- 3U equipment enclosure
- Vibration isolators to reduce mechanical noise

SPECIFICATIONS

- Airflow: 200 cfm
- Noise: 15 dB
- Power Supply: 12v DC
- Dimensions: 5.24 "h x 19.00" w x 6.10" d
